Notes :

- Cost of consumption of Green Leaf produced at the Company's own gardens, being raw material used for manufacture of Black Tea, is not ascertainable from financial accounting records since production involves an "integrated process" having various stages including growing, cultivation, manufacturing and marketing of Black Tea.
- Tea being the only business carried on, no segment information is required to be reported as per Accounting Standard 17.
- In terms with the Accounting Standard 10 as amended, Bearer Plants have been recognised as an Item of Property, Plant and Equipment on which depreciation have been provided ; replanting and young tea maintenance expenses have been considered as capital work-in-progress instead of revenue expenses as had been done hitherto. Consequent upon the foregoing, the net loss for the year ended 31st March, 2017 is reduced by ₹ 507.48 .
- The figures for the last quarter ended 31st March, 2017 are the balancing figures between audited figures in respect of full financial year ended 31st March, 2017 and the year to date figures upto the third quarter of current financial year.
- Previous quarters' / year's figures have been regrouped or rearranged, wherever necessary.
- Upon appropriate recommendations by the Audit Committee, the Statement of Audited Financial Results have been approved by the Board of Directors of the Company at its meeting held on 30th May, 2017.
